

VN Services®
A Project Support Company

THE FIRST TO ARRIVE - THE LAST TO LEAVE

As we celebrate our 25th year, we are proud to announce that VN is providing onsite Project Management support services for Freedom Tower at the World Trade Center Site.

We would also like to thank Richard Leach (20 years) and Tucker Elliott (10 years) for their years of dedicated service to our clients and VN Services, Inc.

THE FIRST TO ARRIVE - THE LAST TO LEAVE

The new Freedom Tower, at One World Trade Center in New York City, is taking shape and VN is one of the first hardhats to arrive!

The rebuilding of one of the world's most anticipated new mega-projects is finally underway. The total redevelopment cost is projected to be nearly \$20 billion by its 2011 completion.

The western half of the 16 acre site will be home to the 1776 foot-tall Freedom tower where over 200,000 cubic yards of concrete and 28,000 Tons of reinforcing steel will become the core of the building.
